

DECKFAST® Fascia System

- Compatible with all MoistureShield® Composite Fascia
- Fascia System includes:
 - Pre-drilling & counter-sinking fascia tool (sold separately)
 - Headcote Stainless Steel Grade 305 Color Matched 1-7/8" Fascia Screws

Hidden Deck Screws & Clips

Sometimes the best part of a deck is what you don't see. Like our composite decking, MoistureShield® Deck Clips are durable, extending the life of your deck by elevating the boards off the joists to reduce structural rot and mold. They're even backed by a limited lifetime warranty against any loose deck boards. They're designed specifically for MoistureShield® grooved boards to keep off the joists and prevents movement and squeaking. Available in powder coated high strength steel or powder coated high strength or powder coated stainless steel.

STARTER CLIP: Starter Clips are used to fasten the first deck board to the ledger board.

PACKS: Covers 250 sq ft Deck pack include regular screws & contractor pack include pneumatic fasteners.

DECK CLIP: Deck Clips fasten deck boards to deck joists.

FINISH CLIP: Finish clips fasten the last deck boards to rim joists.

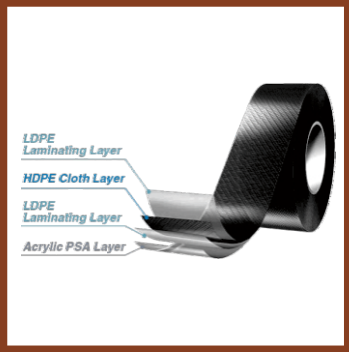

COMPLETE SYSTEM: Covers 50 sq ft: Includes starters, finishers & fasteners. Available in regular screws or pneumatic fasteners.

NAIL GUN: Recommended tool for quick & easy installation.

Aegis Clip™

This clip offers a 90 degree installation process. The teeth on the bottom of the clip bite into the grooved deck board to help control lateral movement of the deck boards. Made from glass reinforced polypropylene for lasting strength & durability. Sold in 50 square ft and 250 square ft packs.

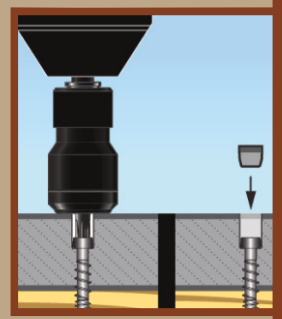

Joist Tape

MoistureShield® Joist Tape seals around deck fasteners to prevent moisture infiltration into the deck joists adding protection & increased longevity to the joists. Our Joist

Tape easily tears by hand. Thanks to its acrylic adhesive, it is repositionable and won't stick to itself making it easy to work on any substructure material. Available in 2"-4" 65 foot rolls.

PRO PLUG® SYSTEM

- Compatible with all MoistureShield® Composite Decking
- Pro Plug® System includes:
 - PVC/Composite Tool that drives screws to the correct depth below the surface without stripping the screw or damaging the board
 - 2-3/4" Epoxy coated screws w/MoistureShield® plugs
 - Available in 100 square foot boxes

Cap-Tor® xd Color Match Screws

These screws are specifically designed to fasten composite capstock decking with a clean, smooth and uniform finish. They also work equally well in traditional composites. Cap-Tor® xd screws are available to match all of the MoistureShield Composite Decking UTD carries in stock. Sold in packs of 100, 350 & 1,750.
