UNITED TREATING & DISTRIBUTION PROMOTES CASEY EPPERSON TO PRESIDENT

Muscle Shoals, AL — April 8, 2026 — United Treating & Distribution (UTD) is excited to announce the promotion of Casey Epperson to President of the company, recognizing his leadership, operational expertise, and commitment to the organization’s mission and people.

A second-generation leader at UTD, Casey has been with the company since 2007. Over the years, he has earned trust at every level by learning the business from the ground up and leading with humility, clarity, and accountability.

Casey has held a wide range of roles across the company, including the Treating Plant, Reman Plant, Sales, Sales Management, and most recently, Vice President of Operations—a role he has served in since 2017. His cross-functional experience allows him to effectively connect customer expectations with operational execution.

As Vice President of Operations, Casey has led production, shipping & receiving, and freight—driving strong performance, efficient execution, and reliable service for customers. He also played a key role in acquiring and launching UTD’s treating plant in Ringgold, Georgia, further strengthening the company’s operational footprint and growth strategy.

“Casey’s promotion to President is a natural and well-earned step,” said Chad Epperson, CEO of UTD. “He embodies servant leadership, operational excellence, and a genuine commitment to people.”

Chad Epperson will continue to serve as CEO and is looking forward to the company’s future growth under this strengthened leadership structure.

ABOUT UNITED TREATING & DISTRIBUTION

United Treating & Distribution is a leading manufacturer of pressure-treated lumber and a building materials distributor committed to excellence, innovation, and a people-first culture. With a strong foundation and a clear vision for the future, UTD continues to serve its customers and communities with integrity and purpose.
